Kurzbeschreibung

ONCE YOU KNOW, YOU CAN'T FORGET

Ellen has received a life-changing inheritance. If only she knew who had left it to her . . .

1966. A horrifying crime at a secondary school, with devastating consequences for all involved.

2008. A life-changing gift, if only the recipient can work out why . . .

Recently divorced and with two young children, Ellen Sutherland is up to her elbows in professional and personal stress. When she's invited to travel all the way to Cheltenham to hear the content of an old woman's will, she's far from convinced the journey will be worthwhile.

But when she arrives, the news is astounding. Eudora Nash has left Ellen a beautiful cottage worth an amount of money that could turn her life around. There's just one problem - Ellen has never even heard of Eudora Nash.

Her curiosity piqued, Ellen and her friend Kate travel to the West Country in search of answers. But they are not the only ones interested in the cottage, and Ellen little imagines how much she has to learn about her past . . .

A powerful and suspenseful tale that has been compared to Val McDermid and Liane Moriarty

PRAISE FOR THE HIDDEN LEGACY

'The Hidden Legacy is the best kind of mystery novel, a cool and compelling story of secrets within secrets, all delivered to the page with a powerful sense of human need and frailty. It's a story that's hard to put down - and hard to forget.' Alison MacLeod, Booker-longlisted author of *Unexploded*

'I was gripped from page one by GJ Minett's debut thriller. He approaches a tough subject with remarkable skill and sensitivity. I loved it.' Fleur Smithwick, author of *How To Make A Friend*

'A thought provoking, subtle novel. GJ Minett explores with delicacy the aftershocks of this terrible event, not simply the media outrage at the time but the ongoing reverberations which span decades. The ending is tender and moving. I was left thinking about the crucial role played by simple human kindness in our lives; the devastation caused by its absence. Great stuff!' Jane Rusbridge, author of *Rook* Pressestimmen

A thought provoking, subtle novel. Graham Minett explores with delicacy the aftershocks of this terrible event, not simply the media outrage at the time but the ongoing reverberations which span decades. The ending is tender and moving. I was left thinking about the crucial role played by simple human kindness in our lives; the devastation caused by its absence. Great stuff! -- Jane Rusbridge, author of *Rook* The Hidden Legacy is a gripping read, cleverly weaving multiple narratives and time frames to give a disturbing insight into a troubled childhood and its repercussions ... heartbreaking -- Juliet West, author of *Before The Fall* I was gripped from page one by Graham Minett's debut thriller. He approaches a tough subject with

remarkable skill and sensitivity. I loved it. Fleur Smithwick, author of *How To Make A Friend* A very tidy and thoughtful debut thriller -- Sharon Wheeler *The Times Higher Education Book ALERT* time! *The Hidden Legacy* is one to watch out for, when it hits the shops! If you are a fan of beautifully written and thought provoking mysteries, look no further. *The Hidden Legacy* is a rather slow burning and gripping drama, with long kept secrets at its heart Northern Crime Review Book Blog I would recommend it for a fabulous read Tracy Shepard Book Blog His was a fascinating book, and Minett has written an outstanding debut novel in *The Hidden Legacy* Nudge Books Another writer more interested in why than who is G. J. Minett, who opens his first novel, *The Hidden Legacy*, with an horrific murder committed by a young boy at school in 1966...This is an intriguing and ultimately moving novel Book Oxygen I loved the number of questions and mysteries raised by this book, as two seemingly unrelated characters are slowly brought together following a carefully pieced together investigation. I think the writing style perfectly suited the genre and I was gradually pulled in further as the novel continued. This is one of my favourite mysteries of the year, and I'm sorry I waited so long to read it. I would definitely recommend this book if you can get your hands on it, as it offers a thriller with a human twist that really makes you contemplate how closely crime is related to daily life Book Moods Reviews Minett has created a cast of interesting characters and there is satisfaction in watching them discover the untruths and half-truths handed down through generations. Serious issues - child abuse, bullying, trial by media, violence, divorce, the bond between parent and child - are sensitively explored -- Sarah Gilmartin *The Irish Times* It's hard to believe this is Minett's first novel because he writes with such assurance and subtlety to produce a gripping puzzle which is also an uplifting story of redemption and recovery *The Morning Star* I did my best to pick up on any clues, and in that respect, Minett plays fair with the reader in his touching, painful and always intriguing story, but the denouement still managed to come as a surprise to me Crime Review First word: Wow. Last word: WOOOOW. I can't quite praise this book enough. What an amazing debut by G J Minett...The novel is a definite page turner...*The Hidden Legacy* is not what I'd class the usual psychological thriller, but it is no doubt, undeniably one of the best of the genre from an incredible writer. It is well worth the read. *Ramblings of a Country Girl*
