Kurzbeschreibung

Something quite odd is happening in Second World—the planet’s foremost MMORPG. Something that’s causing alliances to be broken, and friendships, forgotten. A worthless low-level mine becomes the stage of vicious battles, its burned ruins suddenly contested by the game’s toughest clans. Every border is controlled, and every road in the province blocked off. The weak players and NPCs alike are subjected to non-stop violent raids courtesy of Eastern invaders. And the strong... The strong are scouring the virtual world for the culprit—the weirdest noob the game has ever seen. Kurzbeschreibung
